Comments of August J. Miller, KD7VRU

I would like to commend the FCC for your NPRM proposal to remove all Morse Code testing requirements for all license classes. Ever since I was a child, I wanted to become a licensed Ham Radio operator, but was "scared off" by the time and effort involved in learning code. Twenty-five years later, I heard that the Technician Class license did not require Morse code; I immediately started studying for the exam, passed and have enjoyed the privilege ever since. Your proposal will allow others like me to further explore Amateur Radio and enjoy the HF radio spectrum. Thank you!
